Discussion Paper 3, Stat 8801, Spring 2009

For this week, we will discuss a paper involving a meta-analysis of antidepressant benefits, as posted on the course web site.

For class on Wednesday, Feb. 18, be prepared to discuss:

1. What are the findings of this paper?

2. Find one good point and one point you disagree with or don't understand.

3. What do you think of the tables and graphs used?
