

Presenting Information

Today we'll see Dr. Derr present some results to the client. Let's see how it goes.

In the first video, what strategies did Dr. Derr use to present results? How well did they work? What suggestions would you have for her?

In the second video, what did Dr. Derr do differently? What made these techniques more successful?

Name: _____

Name one strategy for presenting results that was discussed in class today that you found particularly interesting, insightful, or applicable to your own strengths or weaknesses.
