

## Last Class!

Thanks for a great semester. Although this is the largest class I've taught, your participation and enthusiasm for the course has been exceptional. I appreciate the effort you brought. Thank you.

What are some pointers you remember from these topics that you found especially helpful and/or that you think will be useful to you in the future?

## Meeting with Clients

*Classes (and videos) on happy clients, non-verbal communication, asking good questions, setting expectations, etc.*

## Writing

*Classes on the writing process, on improving your writing, and on writing a protocol, proposal, and report.*

What are some pointers you remember from these topics that you found especially helpful and/or that you think will be useful to you in the future?

## **Presenting Results**

*Classes on tables, graphics, writing, giving talks, etc.*

## **Ethics**

*General ethics, research ethics, and statistical ethics.*

## **Short Cases**

*Which were your favorite short cases? What did you learn from them? Cases included:  
Storm Damage, Eagle Flaps, Baking Bread, Chronic Wasting Disease, Dog Itching, and MPCA  
Water Quality*

Name: \_\_\_\_\_

What did you learn in this course that you had forgotten about until today?

---

---

---

How would you rate your skills (on A-F scale) on each of the following aspects of a completely sufficient statistician?

- Numeracy (solving real problems) \_\_\_\_\_
- Articulacy (people skills) \_\_\_\_\_
- Articulacy (presentation skills) \_\_\_\_\_
- Literacy (writing skills) \_\_\_\_\_
- Literacy (programming skills) \_\_\_\_\_
- Graphicacy \_\_\_\_\_

[Optional] Any other comment about this course that you have (not anonymous)? Perhaps a favorite part, or a suggestion, or something else?
