

Review of Salt Case

About the collaboration plan HW: The analysis plan section for this plan can be vague; just address the kinds of analyses you are considering and why they are appropriate. A single paragraph is sufficient.

Data: <http://www.stat.umn.edu/~rend0020/Teaching/STAT8801-2017Spring/casedata/salt.csv>

Review in your group and be prepared to summarize the scientific question, how the study was performed, and the data that was collected.

An upcoming assignment will be to analyze the data and write an analysis report. What would you do next? What are some ideas for how to analyze the data? Brainstorm a range of possibilities from simple to advanced.
